

Transform Yourself And Your Smile This Year, Painlessly, With LUMINEERS!

The LUMINEERS difference

	LUMINEERS	TRADITIONAL VENEERS	BRACES
Surgery	No	Often	No**
Anesthetic	No*	Usually	No**
Time required	2 visits	Multiple visits	Years
Drilling of sensitive tooth structure	No*	Yes	No
Instant whitening that lasts	Yes	Yes	No
Close gaps	Yes	Yes	Yes

Your new life begins with your new LUMINEERS® thin veneers smile. They're beautiful, proven long-lasting...and they're permanently white. The procedure is painless, doesn't require removal of sensitive tooth structure as with traditional veneers and is often accomplished in 2 short dental appointments*. Even better, LUMINEERS are proven to last for 20 years.

Over 250,000 happy patients wear LUMINEERS today...but you'd never know it!

What LUMINEERS Patients Are Saying...

"I didn't have any medication, I didn't have any pain, and I have this great smile that I've never had before. I think my friends and family are going to be very happy about my new smile and probably a lot of them are going to be a little jealous. They're going to want them, too."

—Jerelyn N., LUMINEERS Patient
